SUMMARY

I have been working with web development since 2020. I am a self-motivated and self-taught professional who likes to solve problems.

I merge a passion for usability and user experience with technical knowledge to create cool digital experiences. My repertoire includes programming languages and tools such as ReactJS, VueJS, ReactNative,Nodejs ,MongoDB.

EXPERIENCE

React Js Developer

Triluxo Private Limited

12/2020 - 02/2021 Noida,India

Triluxo Technologies Private Limited is a Noida-based technology company. We provide contactless and innovative software-based technology solutions to the hospitality sector.

- Use my extensive experience with front end development to define the structure and components for the project, making sure they are reusable
- Keep the code quality high reviewing code from other developers and suggesting improvements
- Interact with the designer to suggest changes and to make sure the view he has about the design is translated into actual functionality

Front End Developer

Science2Innovation Foundation

04/2021 - 05/2021 Hyderabad,India

Science2Innovation is a platform aimed at facilitating collaboration between academic researchers and companies to turn their work into innovations in the industry

- Front end development
- Create website layout/user interface by using standard HTML/CSS and React
