EXPERIENCE

React Js Developer Intern

Triluxo Private Limited

📅 Dec 2020 – Feb 2021

- Use my extensive experience with front end development to define the structure and components for the project, making sure they are reusable.
- Keep the code quality high reviewing code from other developers and suggesting improvements.
- Interact with the designer to suggest changes and to make sure the view he has about the design gets translated into actual functionality

Front-End Developer Intern

Beatoven.ai

📅 August 2021 – Present

- I mostly worked on the beatoven website, but I also did some work on the beatoven web app by adding new features, UI changes, and fixing bugs.
- I designed the beatoven website UI and artists portal UI from complete scratch.
- I also did some work on writing end-to-end automated tests for functional testing of the beatoven web app by automating browser actions.
- I also worked with the web-audio API to implement the volume dynamics feature in the beatoven web app.
